510(k) history	1 submissions · 1 cleared · 2025-2025

TigerConnect is a healthcare communications and clinical collaboration platform company based in Santa Monica, California. The company develops software solutions that enable secure messaging, workflow automation, and care coordination across hospital systems and healthcare organizations. TigerConnect has received FDA 510(k) clearance from total submission. The company specializes in Cardiovascular devices, with its cleared device focused on alarm management and clinical alert orchestration. The company achieved its first and latest clearance in 2025, demonstrating active...
