510(k) history	5 submissions · 5 cleared · 2024-2026

Radiometer Medicals Aps is a global provider of acute care testing solutions with a manufacturing facility in Brønshøj, Denmark. The company specializes in blood gas analyzers, immunoassay testing, and point-of-care diagnostic systems for hospitals and clinical laboratories. Radiometer has received FDA 510(k) clearances from total submissions, with all submissions focused on Chemistry devices. The company's first FDA clearance was in 2024, with the most recent clearance in 2026, demonstrating continued regulatory activity and product innovation in acute care diagnostics. ...
