510(k) history	47 submissions · 47 cleared · 1976-1984

Ohio Medical Products is a medical device manufacturer based in McHenry, US. The company specializes in anesthesiology and hospital equipment. Ohio Medical Products received FDA 510(k) clearances from total submissions between 1976 and 1984. The company's primary focus was anesthesiology devices, including anesthesia gas machines, waste gas scavenging systems, and breathing masks. The company is inactive and represents a historical regulatory record with no submissions in recent decades. Notable cleared devices include the OHIO UNITROL II ANESTHESIA GAS MACHINE, MODULUS I...
