510(k) history	23 submissions · 23 cleared · 1976-1987

Ipco Corp. is an industrial equipment manufacturer based in McHenry, US, specializing in production process solutions including steel belts and conveyor systems. The company has received FDA 510(k) clearances from total submissions, spanning from 1976 to 1987. Ipco Corp. maintained a successful regulatory track record across dental devices, obstetrics and gynecology products, and gastroenterology and urology devices. This historical record reflects the company's diverse medical device portfolio during its active regulatory period. Ipco Corp. is inactive and should be trea...
